GLEN ANNA FEMALE SEMINARY.

THOMASVILLE, DAVIDSON COUNTY, N. C.

This flourishing Institution situated in a healthful, moral and thriving village, has one of the most desirable locations on the North Carolina Rail Road—easy of access to almost any part of the country, and within forty minutes ride of Trinity College, where parents will find it to their advantage to send their sons, leaving their daughters at Glen Anna.

From its opening in the new building, Feb, 8th, 1857, until the present, it has been favored with constantly increasing patronage and unparalled prosperity.

The Board of Trustees and Faculty, would tender their most grateful acknowledgements to the patrons and friends of this Institution, for the appreciation of their labors which greatly encourages them to persevere in their efforts to establish, in the pleasant village of Thomasville,a school, affording to young ladies every facility for a thorough, as well as an accomplished education.

Course of Instruction.

The system of instruction adopted in this Institution is thorough, and designed to prepare young ladies for the active duties of life.

The studies will be so arranged that every student may take any of the branches and as many of them as will employ her time, and as her health will admit.

ADMISSION.

It is highly important that all who desire to enter the school, should be present at the commencement of the session when the regular classes are formed

Students will be received, however, at any time and admitted to such classes as they may be found qualified to enter.

All bills to be paid, half, at the beginning and the remainder at the middle of the Session.

No deduction will be made for absence, except in case of protracted sickness.

EXERCISES.

Each lady will be required to attend, weekly, to exercises in Composition and Letter-Writing.

DISCIPLINE.

The discipline of the Institution combines mildness with firmness, inculcating strict order, prompt obedience, correct deportment and industry. The utmost care will be observed in promoting the welfare of young ladies and bringing them to act under the salutary influence of moral and religious principles.

MERIT AND DEMERIT.

Each Teacher keeps an exact register of the merit of students, in their daily recitations, grading them so that their standing for the session may range from 0 to 100, according to the character of their recitations.

A list of demerits is also kept. Unexcused absences from classes —from prayers—from public worship on the Sabbath—deficiencies in any exercise—disorderly conduct—violation of study-hours, or any other offences against the known rules of the Institution, enter into the list of demerits. A public report of both Merit and De-

merit will be made at the close of each session and a copy sent to parents and guardians.

BOARD.

Pupils boarding in the Seminary will be under the constant supervision of the Principal, who will give the most vigilant attention to their health and manners. They will sit at the same table with the Teachers, and by thus keeping up the association of Teachers and Students is given the best substitute for parental care.

The price of Board per month, exclusive of washing and lights, is $6.00. Incidentals, $1.00.

All the pupils will furnish their own lights, towels, and toilet-soap.

Each pupil should have every article of wearing apparel durably marked with the name in full.

CLOSING REMARKS.

This Institution is free from debt. We rely upon our own efforts to build up the school, and intend it shall stand upon its own merits. Our school is not sectarian. There are nine branches of the christian church represented here, and we have teachers of different denominations. We also have preaching by ministers of the different churches.

The school is sufficiently far from the Depot not to be disturbed by the cars, wagons and negros belonging to the Rail-road.

There is a clean, beautiful grove surrounding the building, in which the young ladies have ample space for exercise.

Our location is very healthful, with pure, cold water and clean sandy soil.

Our discipline is mild but firm. We endeavor to train both head and heart. We teach economy, neatness and industry.
